

## Deck Wash

### Product Description

McCloskey® Deck Wash cleans and brightens exterior wood surfaces. It also prepares gray, weathered wood for finishing by promoting the adhesion of stains and sealers. This product is convenient to use... Simply spray on the premixed formula, wait 5 – 10 minutes and rinse off. It removes dirt, mildew stains, and algae stains that make weathered wood unsightly.

### Recommended Uses

- For exterior use only.
- May cause darkening on redwood.
- Test in a hidden area prior to using.

### Colors and Base Information

	<b>oz./gal.</b>
Clear	128

### Typical Properties (7991)

**Surface Coverage:** Approximately 250 sq. ft./gal.

### Features

- Cleans Dirt & Stains
- Removes Algae Stains & Mildew Stains
- Ready-to-use

- DO NOT RE-USE EMPTY CONTAINER; wash and throw away.
- In case of spillage, rinse with large amounts of water.
- Dispose of container and/or unused contents in accordance with local, state and federal regulations.

### Shipping and Packaging

**Freight Classification:** Paint or Paint Related Material. Protect from freezing.

**Packaging:** Gallon – 4 per carton

## Surface Preparation

Wear safety protection including eye protection, rubber gloves, old clothing and shoes when working with this product. Test in a small, hidden area to determine final effect before using on entire surface. On vertical surfaces, work from top down and avoid splashing onto face and skin. On horizontal surfaces, work backwards from a corner to an exit. Always exercise caution when walking on wet surfaces. Apply only to surfaces that you intend to clean. May pit metal and discolor fabric, clothing, carpet and vegetation. Protect all plants, outdoor furniture and other nearby items from the effects of overspray, drips and spills. Added precautions may be needed on windy days.

## Application and Clean-up

Pour contents into a plastic bucket or pump-up garden sprayer. Do not use in metal containers or in equipment with metal parts, as deterioration may result. Low pressure garden sprayer is the preferred application method, but brushes and rollers are also suitable. Apply liberally. For best results, apply to dry surfaces. Wait 5 – 10 minutes, but do not allow to dry. Then rinse the surface thoroughly with a strong stream of water. The longer it is allowed to work, the lighter the surface will become. Heavy discoloration may require a second application and scrubbing with a stiff brush or broom. Spills and overspray should be rinsed immediately with large amounts of fresh water. Nearby plants and shrubs should also be rinsed thoroughly.

## Cautions (7991)

**WARNING:** Harmful if swallowed or inhaled. Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. For sensitive skin or prolonged use, wear rubber gloves. Odors may irritate. Use only outdoors. Avoid prolonged breathing of vapor or mist. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. This product contains bleach. Do not use or mix with other products or chemicals such as ammonia or acids, as this may release hazardous gasses.

**FIRST AID:** EYE CONTACT: Immediately flush with plenty of water. Ensure that both upper and lower eyelids are flushed thoroughly. Remove contact lenses and continue flushing for 15 minutes. If irritation persists, **get medical attention**. SKIN CONTACT: Remove contaminated clothing. Flush affected area with water. If irritation persists, **get medical attention**. IF SWALLOWED: Drink two glasses of water and **get medical attention immediately**. IF AFFECTED BY VAPORS: Move to fresh air. If breathing difficulty continues, **get medical attention**.

**DO NOT TAKE INTERNALLY.  
KEEP OUT OF REACH OF CHILDREN.**
